

## **HOMICIDE AND INJURY**

**Every day in the US, more than three women are murdered by their husbands.**

**Almost one-third of female homicide victims that are reported in police records were killed by an intimate partner.**

**In 70-80% of intimate partner homicides, no matter which partner was killed, the man physically abused the woman before the murder.**

**Less than one-fifth of victims reporting an injury from intimate partner violence sought medical treatment following the injury.**

**Intimate partner violence results in more than 18.5 million mental health care visits each year.**
